

B-01

AUTOMATED BLENDER Gravimetric Model

Code "AB" = Auto + Burettes
Code "G" = Gravity

With Burettes, Main blue support & Fuels safety cans

PLC CONTROL – TOUCH SCREEN DISPLAY PANEL – Code PC
Can be supplied with PLC (code PLC)

Blender with 2 up to 6 burettes according application

3 or 4 Burettes for OCTANE
2 Burettes for CETANE

NOTE: this model can be ordered without Safety cans and can be connected to Nitrogen System for Fuels supply

No maintenance.
Friendly use.
High precision.
Options for Fuels filling.
Data's storing

All models CE marked.
No fuels storage inside Blender Cabinet
SAFETY FIRST

With PC (code PC)

Can be supplied Blender PLC Control / Touch Display Panel

Main Gravity Blue support

Compact complete system

Each front Safety can Model SF01 is labeled with Fuels name

Pumps fuels aspiration tubing

Vent

Manual Filling access.

Note that pictures are not contractual
